# Creating a different kind of project

All examples included in the previous slides are projects we have done multiple times and have selected as successful and most popular!

If you don't see a specific project your birthday child wants to do, you can request your own and we can send you an instructor-handcrafted sample (Mixed Media or 3D depending on your reservation)!

When booking a party online, type your theme preferences into the "Special Requests" box in the hisawyer website. We will receive this information and reach out to you after you submit your reservation request.

(Please note that **3D Projects** and **Mixed Media Projects** have different base prices, as we show in the following slide)

# FAQs

**Q: What should I bring to the studio for the party?**

**A:** Usually, parents bring a cooler with drinks, shareable food (like sushi platter, pizza), and some form of a sweet whether it be cupcakes, cookies, or a full cake. We have a refrigerator and freezer on site for all your food needs! ***No food is provided.***

**Q: What if I have a child younger than 5 years old who wants to participate in the art activity?**

**A:** We would love to work with them! Children younger than 5 years old are welcome to join us with a parent who is willing to stay in the art activity room and assist their child younger than 5 years old. The 5 year old child and parent will count as 1 in the total count of participating students.

# FAQs

**Q: What should I and other parents do during the art activity time?**

**A:** Usually, parents enjoy the refreshments and talk story in the food room while the art activity commences. We encourage all parents to let the instructors teach and the students learn/create while they stay in the other room for the duration of the art making time.

**Q: What if I arrive before 2pm and want to get started with the party preparations?**

**A:** The gate of the building will open at 2pm, no earlier, so we encourage parents to come at 2pm. If parents get here earlier, they can wait at the gate for 2pm, at which the instructors will come to unlock the gate.

# FAQs

**Q: What about decorations?**

**A:** Families are welcome to bring their own decorations. Wall mounting is limited to taping and other non invasive methods. No decorations are provided besides our chalkboard artwork customly done for your child by Ms. Vivian before the day of the party!

**Q: How does clean up work?**

**A:** All party groups are in charge of cleaning the party room (the room where food is being served) which includes sweeping, wiping, and gathering trash neatly in the provided trash bags. Our instructors will take care of it from there! Mahalo!

# FAQs

**Q: How many times can I change the theme for the project?**

**A:** The theme can be changed up to 2 times, no later than 2 weeks before the party date. This is because our instructors prepare materials, samples, and plans 2 weeks before the party to ensure a quality, seamless experience for your keiki's birthday party. Some exceptions may apply (email us at art.tent.class@gmail.com!)

**Q: Can I reschedule in advance?**

**A:** Yes, you can! Let us know the sooner the better, so that we have time to prepare for the schedule change. Please be aware that our party service is a frequently booked service.

# FAQs

**Q: What if I change my mind after booking?**

**A:** Non-refundable 50% deposit will be collected at the time of party confirmation. The full balance is due 1 week before the party. Cancellation notice must be 14 days in advance of the party date to qualify for a refund (of the second half of the balance).

**Q: How do I know if the space of the art studio is satisfactory?**

**A:** Come on by! Email us (at art.tent.class@gmail.com) to schedule a studio viewing time so you can get a view of the space and start planning decorations, arrangements, and other party details!

# FAQs

**Q: Can I change the number of guests?**

**A:** Yes, you can change the number of guests anytime. We prefer the finalized headcount 1 week before the party date if possible so we can prepare an accurate amount of supplies.

**Q: Can we use other supplies not included in our birthday art activity during the allotted time?**

**A:** Yes, party guests can do free draw (limited to pencil and eraser, crayola markers or crayons) during downtime.

# FAQs

**Q: What do we do before the art activity begins?**

**A:** After the gate above the stairs is unlocked at 2PM, we encourage parents to set up the necessary party preparations. Please let us know if there is any way to assist you!

**Q: What do we do with the artwork from the activity?**

**A:** Each child should take home their artwork from the art activity by the end of the party time.
